2. APPLICABILITY AND SCOPE

This Directive applies to:

2.1. The Office of the Secretary of Defense, the Military Departments (including the Coast Guard when it is not operating as a Military Service in the Navy by agreement with the Department of Transportation), the Chairman of the Joint Chiefs of Staff, the Combatant Commands, the Defense Agencies, and the DoD Field Activities (hereafter referred to collectively as "the DoD Components"). 4. POLICY

It is DoD policy that:

4.1. The DoD Components shall establish a well-managed lodging program (see definition E1.1.5 of enclosure 1) that contributes to mission readiness and improves productivity by providing quality lodging for a mobile military community. Category A lodging is intended to provide quality lodging facilities and service to authorized personnel and to reduce official travel costs. For Category B and C recreational lodging operations, the intent is defined in paragraph 4.1. of DoD Instruction 1015.10 (reference (b)) under the purpose of morale, welfare and recreation (MWR). The category for each type of lodging program is defined in enclosure 3 of DoD Instruction 1015.12 (reference (c)). Authorized patrons for temporary duty (TDY) and permanent change of station (PCS) lodging are identified in DoD 4165.63-M (reference (d)). In addition, lodging patrons for PCS lodging activities operated by MWR and exchanges are identified in reference (b).

4.2. The Department of Defense recognizes that lodging is vital to mission accomplishment and directly supports the readiness mission.

4.3. The DoD Components shall follow established requirements for the type of lodging programs specified in enclosure 3 of reference (c) for uniformity of funding and reporting. All management and financial data reported shall comply with DoD Directive 1015.1 and DoD Instruction 1330.20 (references (e) and (f)).

4.4. Lodging programs shall be strategically planned, programmed, and executed using business management practices to fulfill local needs, while maintaining the readiness capability to support the wartime mission and to meet quality, fiscal, health, and safety standards.

4.5. Depending on the nature of the element of expense, lodging programs may be resourced from appropriated funds (APFs) or nonappropriated funds (NAFs). Specific fund sources for Category A lodging activities are specified in enclosure 4 of reference (c), while Category B and C lodging activities are specified in enclosure 6 of reference (b).

4.6. To fulfill the lodging mission, the DoD Components shall establish and operate customer driven lodging programs as determined by periodic market research for the benefit of authorized patrons.

4.7. Lodging programs are authorized appropriated fund manpower for executive control and essential command supervision (ECECS) (see definition E1.1.3 of enclosure 1) and in accordance with enclosure 4 of reference (c).

4.8. The DoD Components shall provide for lodging support to all authorized patrons and activities supported by the installation.
